- Wires were showing in two tunnels – they have been repaired.
- Ramp in old trailer now has rough coating which increases safety getting in and out.
- Cart tires on the “pink” cart have been repaired by Scott Bagger. Now there are 3 working carts on each side of the field.

Classes

- The website did say this last class session was over on the 24th, actually over on the 31st. The website has since been corrected

Pet Expo

- We will be sharing the space disk dogs, every other hour.

- More volunteers are needed. Volunteer list with schedule will be sent out by Billie in the near future.

Equipment Building Manager

- Maida Liljedahl has resigned from the position of equipment building manager because of health problems. She has been in the position since 2000!!! Thank you Maida!
- Contact Alice if you are interested in taking over this role.

Poles and/or Title Ribbons for VT NATCH

- Question as to whether ribbons and poles should be presented for VT NATCHs.
- **MOTION**: A motion was made and seconded to provide ribbons, but not poles, for dogs that achieve a NATCH through a VT run. Motion passed unanimously.

PayPal

- There have been several discussions about using PayPal for all payments to the club.
- Difficulties with having multiple streams of money and tracking multiple accounts make this too cumbersome to tackle at this point in time.
- PayPal will continue to be used for classes, but not membership.

Website

- A concern was raised that folks may be having difficulty reaching the calendar on the new website when using mobile phones.
- Currently able to get the calendar by clicking on the 3 bars in the upper right-hand side, then selecting the plus sign next to "events" and then choosing calendar. The calendar appears in a different format on the phone than it does on the computer.

- There have been rumors that Turns and Wraps is closing down. In fact, Turns and Wraps continues to operate and has trials scheduled, which can be found on their website: <http://turnsnwraps.net/nadac-premiums/>
